AUSCAST TABLE TENNIS TABLE

Available exclusively from Moodie Outdoor Products the AusCast Table Tennis Table has been designed for outdoor use. This table tennis table utilises a laminated plastic playing surface combined with the strength and sturdiness of concrete construction to provide a long lasting professional product. Comes with steel playing net.

The laminated surface is riveted to the frame using a flush mounted rivet to increase the vandal resistance of the product whilst having minimal effect on the playing surface.

24208 - AUSCAST TABLE TENNIS TABLE

SUPER OUTDOOR TABLE TENNIS TABLE

24240 - SUPER OUTDOOR TABLE TENNIS TABLE

The Super Outdoor is a permanent fixture and cannot be folded up. It comes with a special metal outdoor net designed to be permanently affixed to the table.

The top is specially prepared to withstand heat, rain, damp and cold.

- frame profile 50x20mm, ready assembled
- undercarriage made of galvanized sheet steel
- plastic-coated, light grey
- fixing plate made of rust-resistant steel
- surface thickness 10mm resin board
- has plate feet with screw-hole to allow the table to be bolted to a surface
