DESIGNED FOR STYLE. SIMPLE TO USE. BUILT TO LAST!

STYLE AND PERFORMANCE

The hardware system features a sleek, contemporary design to create a stylish finish that will enhance your outdoor area. The Marine Grade Stainless Steel means your shade will perform in the toughest conditions.

QUALITY ASSURANCE

With the Ultimate 10 year warranty on all components you can be assured about every part of your WaveShade.

SLEEK AND DURABLE

The WaveShade parts are extruded from 6060TS Aluminium. With a niche Natural 20MIC anodized coating giving you a superior product.

RETRACTABLE SHADE

The optional manual retraction system allows you to extend and retract the shade quickly and easily so you can enjoy the open feel or have the shade exactly when you want it.

EASY TO MAINTAIN

Easy to clean with minimal care. The mildew resistant fabric can be submerged in water and washed by hand along with all hardware parts.

HIGH SOLAR PROTECTION

Shade View 300 fabric has an openness factor of just 5%, giving you high UV protection. It effectively blocks out a high level of heat while allowing plenty of natural light to pass through
